

Hive Sponsorship

Environmental Conservation

Bees play a crucial role in pollination, which is essential for the reproduction of many plants and the production of fruits, vegetables, and nuts. By sponsoring a beehive your business can actively contribute to environmental conservation and biodiversity.

Conscious Branding

Associating your brand with environmentally friendly initiatives can enhance your company's reputation. Sponsoring a beehive demonstrates a commitment to sustainability and can attract environmentally conscious consumers who appreciate businesses that take steps to protect the environment. Your logo will be attached to your hive and will be included in our own social media posts.

Social Media Content

Build customer trust by sharing the updates, photographs and videos we regularly provide throughout the bee season on the progress of your sponsored beehive. Track and communicate the positive impact your support has on the bee population, hive health, or related environmental factors. in a visually engaging way

Employee Engagement

Involving employees in the sponsorship of a beehive can boost morale and engagement. It provides a tangible and hands-on way for your employees to participate in a meaningful environmental initiative and we can arrange visits to your team to promote your initiative. This sense of purpose and contribution to a greater cause can positively impact employee satisfaction and well-being

Sweet Treat

Although the yield of honey is never guaranteed, it is a delightful bonus for hive sponsors. Our team will carefully remove all of the honey supers and extract each frame by hand and 5 jars of our award winning honey are delivered to you each year. As a hive sponsor you also have the opportunity to pre order jars with your branding for promotional purposes
